## MALL SHOW

It's that time of year again for our annual Bike Show ! It forces you to clean and detail your bike better than the usual cleaning. Your bike deserves that special treatment. It's the least you could do for all the pleasure it brings you throughout the rest of the year. I always enjoy our Bike Show because it gives me a chance to catch up on what's happening in the lives of our members, as well as talking to prospective new members about our organization and the fun that we have as a group. My daughter Lauren and I, just came back from our annual Father/Daughter trip. We went to Helen, Ga. and enjoyed some great riding, tubing down the river, and just good quality time together. Speaking of Helen, just a reminder that the REGION " A " RALLY, is again being held there. Anyone planning to attend, please let me know.

For those of you that don't know, Emma Wood had an accident on her way back from WING DING. She luckily was not seriously hurt, but suffered some pretty bad scrapes and bruises. Our next meeting will again be held at the GOLDEN CORRAL. Be prepared to discuss dates for our annual fall campout and our rally. See you there.

Ride Safe,  
*Hugh*  
Chapter Director

*Considering that the majority of motorcycle accidents are collisions with passenger cars at urban intersections, we should know all we can about how and where such accidents occur. Let's examine some typical urban collisions.*

Reprinted with permission from the Motorcycle Safety Foundation, copyright 2002, Irvine California

## The Hidden Left-Turner

You are riding in heavy traffic, following a bus. The bus enters an intersection. Suddenly a car appears, making a quick turn to pass behind the bus. There is no time to stop, and no room to accelerate.

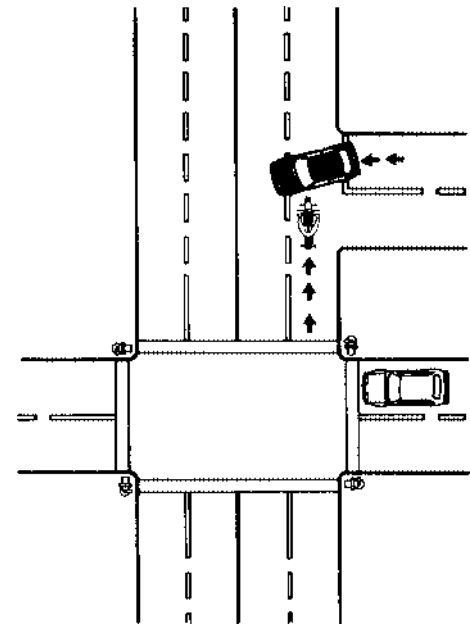

This accident scenario is just like the first one, except the bus was blocking your view, and also blocking the left-turning driver's view of you. You should have predicted that a driver would try to slip through behind the bus. It is never wise to follow closely behind a large vehicle; you should have decided to move back where you could see and be seen.

## Cars Waiting to Pull Out

You are riding along a wide arterial street, with a good view of traffic ahead. You observe a car waiting to pull out of a shopping center, but you have eye contact with the driver, and the car is not moving. Just as you are about to pass the shopping center exit, the driver accelerates out into your path, and then jams on the brakes. You can't stop in the remaining few feet.

Although you may realize that the majority of collisions occur at intersections, **you may not know that one-third of motorcycle accidents occur on urban streets between intersections.** Drivers waiting to pull out onto the street may not perceive a moving motorcycle, even if they appear to be looking directly at you. And, even if they do see you, they may not accurately judge your approach speed. You should be prepared to take evasive action to avoid any vehicle that could pull out into your path. You can also help drivers to see you by wearing brightly-colored clothing, and by flashing the high beam to attract attention. As you approach, watch the top of the front tire, which will provide the first indications that the car is starting to move.

# “Just Ask”

Jim & Sue Jackson  
GWARRA-Region 'A'  
Southeast Recruiting & Retention Coordinators

To The Region 'A' Membership:

“Just Ask” is the Region 'A' slogan that has developed over the past two years in our Recruiting and Retention campaign. Ahh heck, I don't want to read about Recruiting and Retention. That's for the Chapter Director, his staff and the District Staff to worry about. I'm a Member in good standing and that's all I have to be or do. But wait, read on. Don't you remember who “Just Ask” YOU to become part of the greatest motorcycle family on any planet the Gold Wing Road Riders Association (GWARRA). Chances are it wasn't any of the fore mentioned folks, but probably was a card carrying, fun loving “let's talk about GWARRA cause I like it” kind of person just like YOU. WHAT? LIKE ME? Yes, just like YOU! Apparently the person that “Just Asked” YOU to join GWARRA was/is a fun loving individual that wanted to share some of the GW fun with a fellow biker and that my friend was YOU. Apparently YOU liked what he told you cause you joined up for a year and you and your co-rider are having the time of your lives and will probably grab the three-year renewal next time. Actually, all that it takes to be a Recruiter for your Chapter and GWARRA is a small testimonial to that potential new member candidate of why you and your co-rider really enjoy the “new life” that both have found with your Chapter and GWARRA. Tell them about the “Friends for Fun, Safety and Knowledge” experiences that you have devoured since becoming a “can't get enough fun member.” Let them know about the Chapter Gatherings, the planned rides, the safety education, the District events, the Chapter events and most important the dinner and ice cream rides. Yeah, that'll get 'um every time. If none of the testimonials are working, then hit them with the “hard core” stuff like The GW Family Atmosphere, Wing World Magazine, the Gold Book, the road service package and the other bennies that GWARRA offers, and are the best in the offering...anywhere! You may further grab their interest by telling them as a new Member they have the opportunity to win a brand new Silver Wing just by joining up. I guess you don't have to tell them that you as the Recruiter will have that same opportunity for the Silver Wing. Nahhh, you don't have to tell them that. When you recruit a new Member(s) it makes you feel so dawg gone good that that smile on your face just explodes bigger and bigger every time you do it. Hey, you know what else it does? It helps make your Chapter, District, Region and the Gold Wing Road Riders Association a little stronger as well. Please remember that Recruiting and Retention is the “life line” to our Association and fun and the more folks we give the opportunity to join up with us the better our Association will become and will continue to flourish. Dang, we don't want this super Association to dry up and blow away cause we don't “Just Ask” and invite more folks to come and have the time of their life with the Gold Wing Road Riders Association.

**THE GOLD WING ROAD RIDERS ASSOCIATION WILL CHANGE A LIFE! PLEASE JOIN US IN RECRUITING. AFTER ALL, YOU ARE THE BEST RECRUITER WE HAVE...THE MEMBER!**

Warmest Regards,  
Jim & Sue Jackson

### Dale Green Memorial Fund Day

June 21, 2003

Overcast skies didn't deter the motorcycling community from participating in the fundraiser for the late Dale Green's family. Between 8:00 and 9:00 AM individuals and groups gathered at the Tallahassee Police Station for the ride to the North Florida Fairgrounds. Leaving just after 9:00 we slowly made our way towards the Capitol building for a brief stop and a prayer by the Police Chaplain.

Bikes gather at the Tallahassee Police Department Parking Lot

A short stop at the Capitol

The fairgrounds air conditioned hall's gave us a welcome respite from the heat and humidity, where we enjoyed the numerous craft vendors, silent auction and Middle Eastern Dancers. A car show and trained police dog demonstration rounded out the morning hours. Reportedly, it was a very worthwhile event and it certainly felt good to take part in it.

You get a funny feeling when that your riding with that many bikes all together. I guess that's why motorcycle clubs are so popular. The group might look a little rough and tough, but their hearts sure are in the right place.

The Canopy Road Cruisers (FL1-A2) were represented by Lenton Stephens, Charles Couch, Marvin Culverson and Len and Faith Martin.

Part of the Honor Guard
